APRIL

This image is a vine growing up a marble wall on a building that used to be a bank, in Chester PA. I love the tendrils that attach themselves to the wall. Especially when it is someone else's wall.

This morning, as I walked to work, my nose and ears felt like they were going to fall off.

The temperature was below freezing again. Give me a break! Last week it was up to 70 degrees, which was ridiculous also, but much nicer. Very weird.

Are these things connected with earthquakes, tsunamis, radiation leaks, food shortages, economic turmoil and wars everywhere? Maybe. Maybe not.

You may have heard about the prediction that May 21 will be Judgment Day. Then the end of the world will be six months later, on October 21. The same people predicted similar things a few years ago, but they were wrong then. That used to be called a false prophet, and they were to be stoned.

There are many Bible verses about Judgment Day and the end of the world. Many of them are from Jesus himself. When Jesus spoke about End Times, he was mostly warning people to be ready, all the time. Below is one such verse.

Luke 12:39, 40 "But understand this: If the owner of the house had known at what hour the thief was coming, he would not have let his house be broken into. You also must be ready, because the Son of Man will come at an hour when you do not expect him."

He spoke clearly and straightforward about these things; whereas the language in Daniel and Revelations have a lot of symbolism and mysterious things.

But there actually is a lot of information in the Bible about The End of Time. This would be a good time to check it out. If you would like a list of bible verses which relate to the End Times, just e-mail us, and be sure to put the topic in the subject.

Happy Easter!

You have received this new calendar, with new pictures and dates, as a **free** gift. You can print it, copy it and e-mail it, for personal use only, to your heart's content. Send all subscription requests to [doug@TheCreatorsFingerprints.com](mailto:doug@TheCreatorsFingerprints.com). (be specific in the title, I am brutal with spam) When you are on our mailing list, you will be updated with events and new photo availability. We promise not to be a pest.

If you like this **free** calendar, feel free to e-mail this to your friends and family, so they can enjoy it also.

We have been invited to participate in the Main Line First Friday for April 1. We will be at the Beneficial Bank in Ardmore from 5 to 9 pm (or whenever they close). And the pictures will be left up all month. It will be hard to pick only ten pictures to display.

We had some plans for an art show this month, but they got squeezed out by personal things.

Last month we had a great time at the craft show at Owen J. Roberts High School "Friends of the Arts". It is the first and the best. And they are such nice people who run the show.

## **The Creator's Fingerprints**

### Doug Haas Nature Photography

Nature is so incredibly diverse, interweaving soft textures with rough elements, adding a splash of color amid dull backgrounds, bold designs among camouflage and secrecy. The variety of shapes and patterns seem limitless. And it all coexists and fits together seamlessly. Often inspiring, mysterious beyond rational explanation, we look to nature to understand our place in the universe, to realize we are part of an incredible, intelligent design.

But much of this beauty goes unseen and unappreciated. My wife Chris and I are always looking for those special images which most people just walk past. It is not necessary to visit exotic far off places. Many stunning images are right in our backyard. We especially marvel over the tiny or insignificant; fungi, centipedes, or fallen autumn leaves. Using our macro lens, close up photos of the ordinary shows detail that is dramatic or vibrant. Then looking across the large panoramic overlooks we drink in the immensity of our surroundings. And we are always looking for the unusual, odd and often fantastic images. We love to be artistically moody or abstract, offering prints which are beautiful and interesting.

Prints from Doug Haas Nature Photography will always be eye catching hanging on your wall, in your house or office. We try to capture beauty, things unusual or interesting; hopefully all three. They also make great gifts which show the recipient that you care and you have great taste. Gift certificates are available. The prints are professionally printed on archival paper with non-fading inks, and should last a lifetime. Total satisfaction or your money back.

Images can be viewed and prints ordered on-line at <http://www.TheCreatorsFingerprints.com> . E-mail us at [doug@TheCreatorsFingerprints.com](mailto:doug@TheCreatorsFingerprints.com) , and be specific in the title, I am brutal with spam.
