Nothing is running through my head at the moment. But it is a new year, so I can always pull out my quote list. New beginnings are especially appropriate for this time of year.

"Though no one can go back and make a brand new start, anyone can start from now and make a brand new ending." Marcus Aurelius

"What appears to be the end may really be a new beginning." Unknown

"From small beginnings come great things." Proverb

"The secret of getting ahead is getting started. The secret to getting started is breaking your complex overwhelming tasks into small manageable tasks and then starting on the first one." Mark Twain

"Start by doing what's necessary; then do what's possible; and suddenly you are doing the impossible." St. Francis of Assisi

"Man cannot discover new oceans unless he has the courage to lose sight of the shore." Andre Gide

"People are very open-minded about new things...as long as they're exactly like the old ones." Charles Franklin Kettering

"There are three kinds of people in the world, the wills, the won'ts and the can'ts. The first accomplish everything; the second oppose everything; the third fail in everything." Eclectic Magazine

"The ultimate wisdom which deals with beginnings, remains locked in a seed. There it lies, the simplest fact of the universe and at the same time the one which calls faith rather than reason." Hal Borland

"Nothing is more damaging to a new truth than an old error." Johann Wolfgang von Goethe

"Take the first step in faith. You don't have to see the whole staircase, just take the first step." Martin Luther King Jr

"No matter where you are in life right now, no matter who you are, no matter how old you are, it is never too late to be who you are meant to be." Esther & Jerry Hicks

If anyone is in Christ, the new creation has come: The old has gone, the new is here! All this is from God, who reconciled us to himself through Christ and gave us the ministry of reconciliation. 2 Corinthians 5:17,18 NIV

Today is a good day to start over, try something new, turn over a new leaf. No matter what day it is.

This picture was taken last January, during one of the several continuous snow storms. It looks nice now, a year later.

The Creator's Fingerprints

Doug Haas Nature Photography

Nature is so incredibly diverse, interweaving soft textures with rough elements, adding a splash of color amid dull backgrounds, bold designs among camouflage and secrecy. The variety of shapes and patterns seem limitless. And it all coexists and fits together seamlessly. Often inspiring, mysterious beyond rational explanation, we look to nature to understand our place in the universe, to realize we are part of an incredible, intelligent design.

But much of this beauty goes unseen and unappreciated. My wife Chris and I are always looking for those special images which most people just walk past. It is not necessary to visit exotic far off places. Many stunning images are right in our backyard. We especially marvel over the tiny or insignificant; fungi, centipedes, or fallen autumn leaves. Using our macro lens, close up photos of the ordinary shows detail that is dramatic or vibrant. Then looking across the large panoramic overlooks we drink in the immensity of our surroundings. And we are always looking for the unusual, odd and often fantastic images. We love to be artistically moody or abstract, offering prints which are beautiful and interesting.

Prints from Doug Haas Nature Photography will always be eye catching hanging on your wall, in your house or office. We try to capture beauty, things unusual or interesting; hopefully all three. They also make great gifts which show the recipient that you care and you have great taste. Gift certificates are available. The prints are professionally printed on archival paper with non-fading inks, and should last a lifetime. Total satisfaction or your money back.

Images can be viewed and prints ordered on-line at <http://www.TheCreatorsFingerprints.com> . E-mail us at DougHaasPhotography@gmail.com , and be specific in the title, I am brutal with spam.
